Family and studying  
– it's possible!

# tandemPLUS

The mentoring program for students with family and care responsibilities and their fellow students

When a student's family situation changes, it can lead to organizational challenges. In order to not lose the connection to their studies, a mentee receives professional and organizational support from a fellow student for one semester.

## Who can participate?

Student parents, expectant mothers and fathers, students who have relatives to be cared for, and committed fellow students

## You could use some support?

Apply as a mentee or together with a fellow student as a tandem

## You want to help someone?

Apply as a mentor or together with a mentee as a tandem
